## Roles in CLLD

1. **Framework:** MPIN=Methodical **guidelines** of the whole SCLLD lifecycle
2. **Processes:** LAG standardization, SCLLD approval, monitoring, evaluation (MS2021+)
3. **Coordination:** MA of (5) OPs; 3 PA; territorial stakeholders (Association of LAGs, Union of Towns and Municipalities, Association of Regions, Local Government Association etc.)

Coordination is performed through **National Standing Conference:**

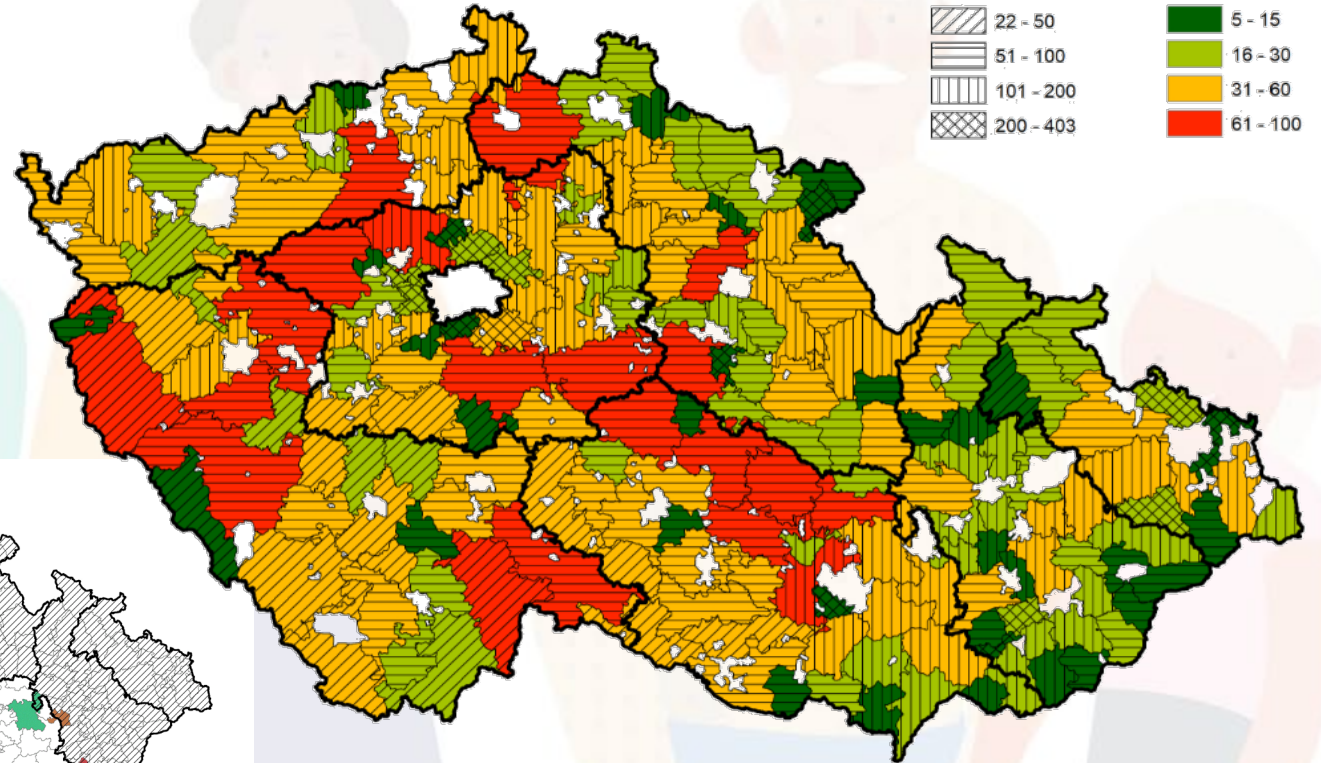

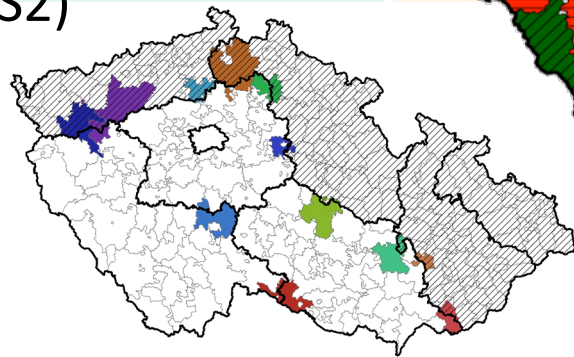

**National Standing Conference** summits 2x a year & promotes implementation :  
of Partnership Agreement & of all OPs financed from ESIF.

3 chambers: Regional, ITI, CLLD

Operative platform for CLLD: monthly meetings

# LAGs x Regions x Population

- 180 LAGs , 95 % of rural inhabitants
- Voluntarity
- No extra limits on size
- Czech LAGs are diverse in: scale, location, type of urbanisation
- Few LAGs overlap into different development regions (NUTS2)

# Strategy

## Approval x Competition?

Strategy has to fulfill requirements of MPIN  
(guidelines)

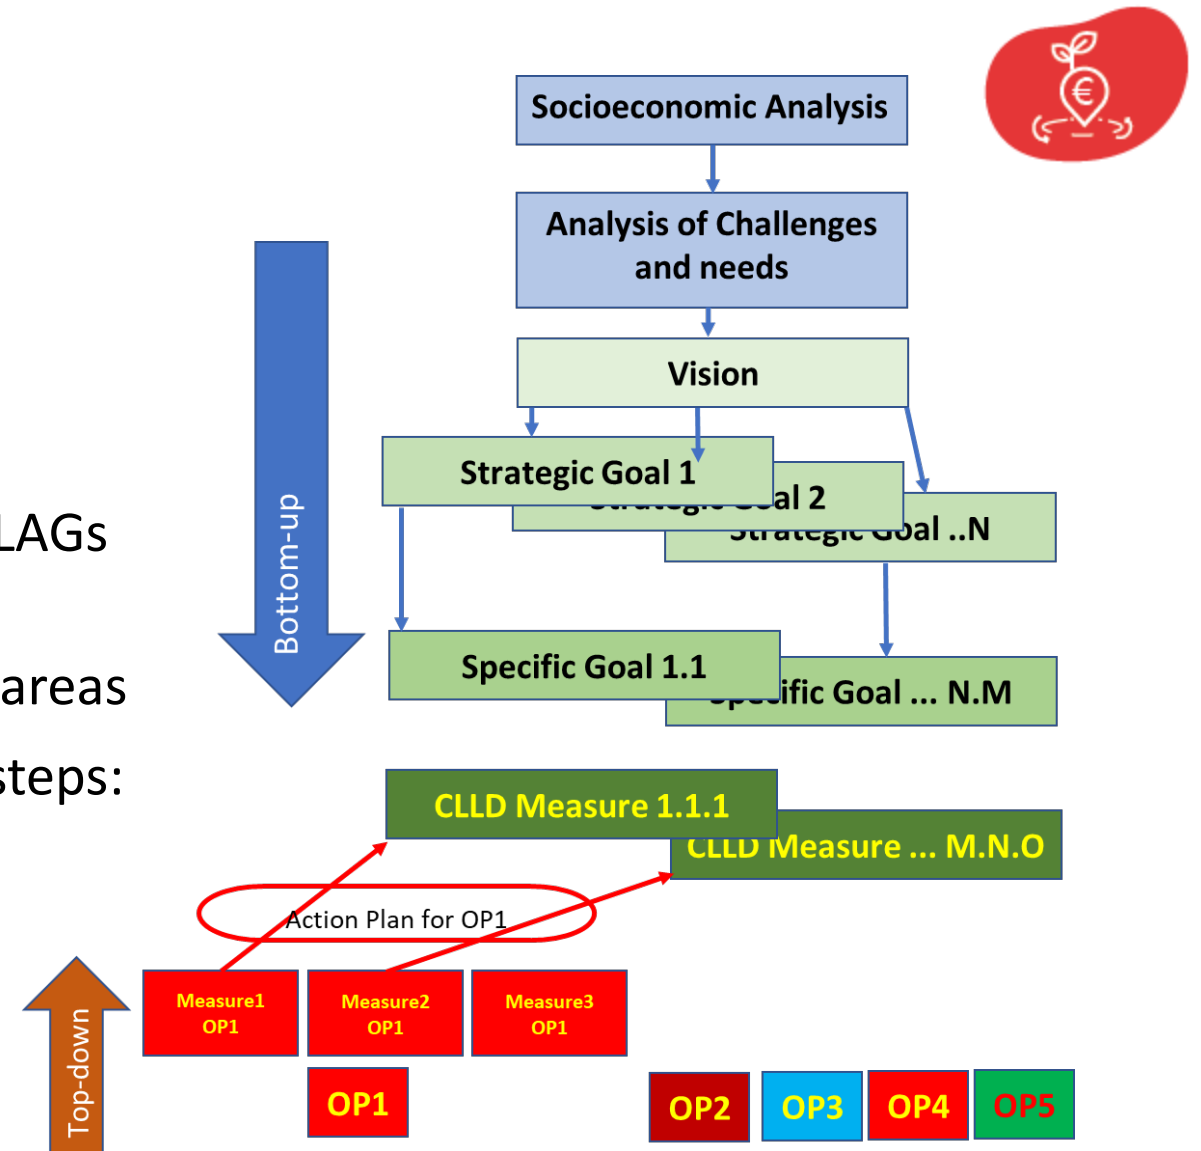

Hard to set up preferences / values for so diverse LAGs  
(territories & human sources)

Goal: promote development **everywhere** in rural areas

For 2021+ the process of approval divided into 2 steps:

- Conception part
- Action plan

All phases only in Monitoring System

# Multifond Map
