

# SiliconVilstal

## Home for new ideas

**We foster social innovation  
and make digital opportunities  
for rural regions tangible.**

We organize projects and events in the fields of  
STEM-education, entrepreneurship and culture.

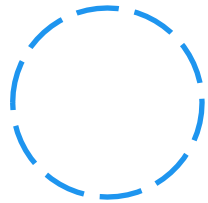

# A festival, that continues ...

We have developed a growing social innovation footprint over five years

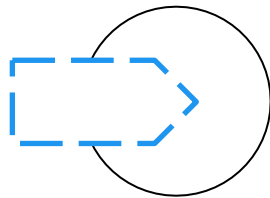

## Experience Festival

since 2016

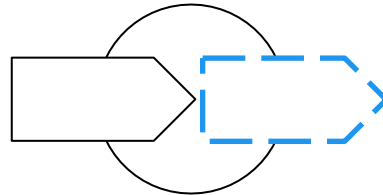

## Region as a lab

since 2017

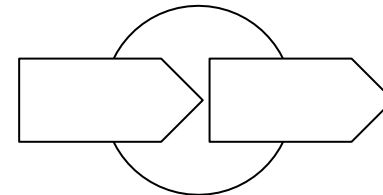

## Creative platform

since 2018

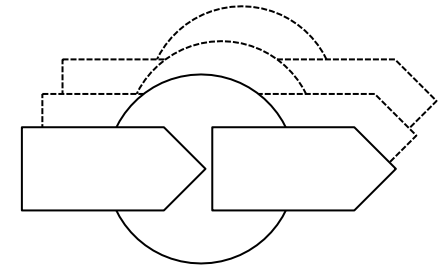

## Structure & Sustainability

since 2019

## Networking & Scalability

2020+

# Rural regions - ecosystems for social innovation

We drive innovation in two major post-pandemic topics:  
Rural Regions and Social Economy

Rural regions have unique opportunities

Social Economy is a key driver for sustainability

Silicon Vilstal is the first German organisation, that is acknowledged as Social Economy Cluster by the European Commission => one of organising partners of SOCIALTECH4EU, the largest Europe-wide social startup program

Silicon Vilstal is the first German partner of the New European Bauhaus-Program (EU-Commission)
